TYPE OF ANIMAL

DOG

CAT

Copa Airlines only allows dogs and cats as pet in cabin.

I am aware that my pet must remain with me, inside its kennel during all the flight.

I am aware of and willing to comply with the conditions described below for transporting my pet:

- Only one pet allowed per passenger and one pet per kennel.
- The pet must travel on the same flight and use a kennel that is appropriate for its transport.
- The pet must be located on the floor, in front of assigned seat, not on the seats and cannot occupy space in the aisles.
- When traveling with a pet in the cabin I cannot travel in Business Class, row 5 seats or in the emergency exit.

I am aware that if I do not meet the following conditions I will be denied boarding:

- If the pet together with its carrier or bag weighs more than 10kg (20 pounds).
- If the pet has bad odor, bad behavior such as barking, growling, attacking other passengers or is not able to control its needs.
- If the pet does not comply with the required documentation of the country of origin and destination, I am responsible for the costs corresponding to the change of itinerary.
- If the pet does not comply with any of the terms and conditions mentioned in this form.

I am aware that I am responsible for the care, well-being and behavior of my pet:

- I am responsible for any physical harm or damage that it may cause to third parties during my trip, whether in Copa Airlines' facilities and/or at the airport, as well as on board the aircraft.
- I am responsible for the cleanliness, if the pet does its needs on board the aircraft, or at the airport, or in any area that is not a designated area for pets to do their needs.
